How to get a new myWILPF password

This is a step-by-step guide on how to access myWILPF when you have lost your password.

STEP 1

Go to: https://www.mywilpf.org

On the page that opens, click on “Forgot your password?”

STEP 2

You will land on a page where you are asked to insert the email you use to login to myWILPF.

Insert your email and click on “Get new password”.

The system will tell you “Check your email for the confirmation link.”
STEP 3

Check your email inbox, and click the link in the email you received to reset your password.

Cannot see the email? Please check your junk/spam folder too.

STEP 4

You will be redirected to a new page where you will be asked to enter your new password.

The system will automatically generate a new password, but you can always set your own, personalised one.

Enter your password and click on “Reset Password”.

STEP 5

Once that is done, the page will read, “Your password has been reset. Log in”

Click on “Log in” or “Back to WILPF Forum”.
STEP 6

You will once again be re-directed to the Login page where you will have to insert your username and new password – also ticking the I’m not a robot box.

STEP 7

Then you are IN!

If all this didn’t work, please write an email to membership@wilpf.ch
